THE MAJORITY IN HUDSON COUNTY. BITTER CONTESTS IN SEVERAL DISTRICTS-AS-SEMBLYMEN PROBABLY ELECTED.

The returns of the election in Hudson County came in very slowly last night, but at midnight there were enough to form a fair idea of the result. On account of the revolt against the Democratic machine the contests in many of the Districts, especially in the HIId, IVth, VIth and IXth Districts, were exceedingly bitter. figures received up to midnight show that Abbett as received about 7,000 majority for Governor The entire Democratic County ticket is elected, the majorities for the candidates being less than that for Governor. For County Clerk Patrick Convery (Dem.) is elected over John H. Conger (Rep.) by a slight majority. over John H. Conger (Rep.) by a slight majority. Abbett's majority in the county will probably be about 950. The defeat of the Republicans in the city is due to the tremendous majorities in the Sixth Ward, which gives mearly 600 for the Democrats. The returns from this ward were delayed until hours after those from the rest of the city were received and there is grave suspicion as to their correctness.

A DEMOCRATIC MAJORITY IN HUNTERDON. Flemington, N. J., Nov. 5.—Abbett's majority in Hunterdon County is 2,000, a slight falling off from the Presidential vote. THE OLD DOMINION DEMOCRATIC. A MAJORITY OF 40,000 CLAIMED FOR MCKINNEY-

CHARGES OF FRAUD AND INTIMIDATION. Richmond, Va., Nov. 5 (Special).-Returns from the election are coming in slowly, but from every point gains for the Democratic party over the vote for Harrison last year are shown. Richmond City and Henrico County show a Democratic gain of about 2,500, and elect two Democratic Senators and five Members of the House of Delegates. At Republican headquarters telegrams from every section indicate that P. W. McKinney, the Democratic candidate for Governor, is elected by a large majority, which the Republicans concede. The Democrats claim the State by 40,000 majority. The Republicans allege that gross frauds have been committed throughout the State and that the result should impel the whole country to look into the matter of Virginia elections. The best

trouble was feared. The election passed off quietly in Richmond, and a heavy vote was polled, except in Jackson Ward, which is Republican. There the usual methods of intimidation and obstruction were A THOROUGH AND GRATIFYING SUCCESS-THE resorted to, and probably one thousand voters stood in line waiting to cast their bullets when the polls closed. Eight or more policemen and a large number of Bourbon challengers were at the precincts, and all manner of questions were asked voters in order to kill time, which was effectually done. The vote of one white Republican, who pays taxes on \$75,000 in property here, was challenged because he spent the summer at Atlantic City. After much delay he was per-

mitted to vote.

In the first precinct of Jackson Ward the colored judge, a Republican, preferred charges ngainst two Bourbon challengers, but the Demoratic judges tried the case and dismissed the accused. The Republican judge then left the room and no further voting was done at the precinct. A number of arrests were made for A number of arrests were made for

freudulent voting. In this county B. Taylor McCue, a prominent Republican and a member of the District Republican Committee, was arrested for interference at the polls.

Richmond City gives McKinney 5,473 majority with two precincts to hear from, which will probably increase it 100. This is a Democratic gain over the vote of 1888 of 3,500.

After order had been restored the ballots were gathered up, placed on a table, and three guards, two police officers and one clerk of the election, were placed in charge of them. Then Birdsong went home, where he was called on by General Mahone, with whom he had a talk with reference to the difficulty. It is probable that the matter will be investigated in the Mayor's court to-morrow morning. The vote in this ward will have to be thrown cut.

The Democrats polled a heavier proportionate vote than was expected, and the Republican vote was considerably smaller than had been predicted by those whose opinions are usually considered of value. Of Mr. Brackett's promotion to the Gubernarotial chair and the election of the entire Republican ticket there is not the slightest doubt. The only question is as to the majority. One effect of the new ballot system is to delay the announcement of the result of the elections. The work of counting the ballots was very considerably increased, and up to midnight only an approximate estimate of the result can be made. The Republican State Committee at 11:30 p. m. estimated that Brackett's plurality would be about 10,000. NEW SYSTEM OF VOTING IN THE BAY STATE WORKS SMOOTHLY.

REPUBLICANS, UNABLE TO SECURE A FAIR BALLOT, GIVE UP THE CONTEST

Jackson, Miss., Nov. 5 (Special).-The Republican State ticket having been recently withdrawn, the election to-day amounted to but little and was absolutely devoid of interest. Few negroes participated, and the whites showed little animation, as there were no fears for the result. A very serious difference exists in Warren County, of which Vicksburg is the seat, and fears have been entertained that trouble would arise there. It seems that the county and city are at odds, owing to what was thought to be an unfair division of the offices, the city getting the lion's share. For several weeks a war has been waged and much hard feeling engendered. The negroes have been free of the contention between the factions, and both sides bid for their votes. Reports to-night say that the straight Democratic ticket is ahead in the city, but behind in the county
